Dear Dave,

It was a pleasure to meet you as well. Thank you for taking the time to speak to NAIFA Central Coast.

I found both of your presentations very informative and extremely valuable. I am also very surprised and disappointed at the low turn out we had. I'm afraid that you're absolutely right that we are in the process of "being boiled" without even knowing it.

We do need to wake people up and let them know what is going on. Your book and your presentation certainly are great vehicles to do just that. I will happy to talk to anyone who will listen about the importance of your message. Please feel free to give my contact information to anyone who may be considering or should be considering having you speak to their group or association.

Also, I'll be sending you the pictures that I took at the meeting in different emails.

Thanks again,

Miguel Paredes, CSA
